Ladies:
In order to prepare Jack Nelson for a conversation on the resources we are devoting to reduced harm products we need to provide information on the external resources working on this. Can you provide me with the figures of full-time equivalents (FTEs) currently working on this at the vendors listed below? I need this information **NO LATER** than C.o.B. on Thursday.

MDS Pharma Services - # of FTEs_____

Covance - # of FTEs_____

Parexel - # of FTEs_____ EHC Farmovs - PM( ), DM( )

Guardiant - # of FTEs_____

Clinimetrics - # of FTEs_____ Bernie( ); A-Dever/J.Comp( ); CRAS( )

Consulting agreements (if any) - # of FTEs_____

Other agreements (if any) - # of FTEs_____

Subject: Request For Information

Dear Loreen:

I am trying to pull together some information for Jack on the total number of people that we have working on reduced harm products. While I have a good estimate of the number of internal people, I am requesting your help to provide me with a number from WSA projects. Things like an estimate of the number of people supported by the external research program, total exposure study, ingredient testing at ILL, and any other contracts that WSA has that are tied to reduced harm. I need the information by the end of the day on Tuesday, March 16. (I already have PMRL and PMI)

Thanks for your help.

Dick
